Port Adelaide

Port Adelaide have been on top of the ladder the entire season, but that doesn't mean they have been the best. The Power have lost to top eight sides in Geelong, Brisbane and Saint Kilda and all of these losses were by big margins. Some of the Power's wins this season have been excellent like their triumph over Richmond, but others have not been entirely convincing. If it's going to be history in the making for the Power, they need to kick truly, play an unpredictable game style, and somehow ensure they aren't reliant on Charlie Dixon as their only target inside 50. They should win their remaining three matches to retain top spot and take out the minor premiership.

by
Madison Mifsud-Ure

Brisbane Lions

The Brisbane Lions have been as good a team as any. They have been excellent inside 50 but their goal kicking has let them down. The Lions are 15th for effective disposals, which considering they have been dominant with gaining possession of the ball, this is very concerning. They have only lost to Richmond, Geelong and Hawthorn this season, however, some of their wins have been extremely close. If they cannot fix their goal kicking accuracy, they will be in some serious trouble come finals. The Lions like Port have an easy run home and should finish second on the ladder.

Geelong Cats

The first half of Geelong's season was very inconsistent as their wins were very close, while their losses to GWS, Carlton, West Coast and Collingwood were very poor performances. In the latter half of the season Geelong have shown much improvement and have been the real front runners for the premiership, beating Port, Brisbane and Saint Kilda by considerable margins. The height of their players has been their edge over teams and their key forward targets have also proved valuable. Geelong should win two of their next three matches to finish third or fourth on the ladder.

Richmond

Coming into this season Richmond were definitely the minor premiership favourites. However, losses to Hawthorn, Saint Kilda, Port Adelaide, GWS and a draw with Collingwood, saw them brought back to earth. While their wins to West Coast and Brisbane showed their true potential, it likely won't be enough to see them make the top 2. The Tigers should finish fourth, but a win against Geelong would see them secure third spot and a loss could see them drop out of the top 4.

West Coast Eagles

After a disappointing start to the Eagles' season, with losses to the Gold Coast Suns, Brisbane and Port Adelaide, West Coast won their next eight games straight, including beating Geelong. Since then they experienced a minor hiccup in their finals hopes last week after losing to Richmond. Their four games remaining against middle of the range sides will prove whether they are honestly

more than just premiership pretenders. They will make the eight, but their position is a bit up in the air, they should however, finish fifth.

by
Madison Mifsud-Ure

Saint Kilda

Saint Kilda are a hard team to judge, they easily beat Port Adelaide and Richmond but lost to teams like North Melbourne and Fremantle. The Saints seem to not be able to win when it counts and buckle under the pressure of a close game, having lost four matches by under a goal. Nevertheless, other than their poor efforts against Geelong and Collingwood, Saint Kilda have competed hard in every contest and against every other team. Their unfortunate losses however will prove costly and with three tough matches remaining, Saint Kilda will likely fail to make the eight.

Collingwood

The Pies have been very inconsistent this season and have showcased some very poor performances against teams below them on the ladder. They don't seem to be playing with much confidence and based on their games so far it appears they are just pretenders. With a long injury list the Pies have really struggled to find their feet and have lacked effort in many contests. They have however been effective in their disposals and with games against Brisbane, Gold Coast Suns and Port Adelaide on the horizon the Pies need to give it their all. Wins against two of these teams would see them make the eight finishing sixth or seventh depending on their winning margins and other teams.

Melbourne

Other than their thrashing of Collingwood, Melbourne have simply been mediocre. They have lost to everyone above them on the ladder (minus the Pies), and have failed to make a significant impact in games. Despite Max Gawn's dominance in the ruck, the Demons are ranked 15th for clearances. Easy wins to Sydney, Fremantle and Essendon would see them stay in the eight. Come finals, if they start applying more pressure to their opponents, are able to win more ground balls then they might be in with a shot, but at this late stage they are not a premiership threat.

GWS Giants

GWS are a team you would have expected to see make finals, but after a very disappointing season, last years' runners-up are going to be lucky to even make the eight. While they have beaten Geelong, Collingwood and Richmond, they have not been dominant on the field and are 15th for inside 50s. A team that is a premiership contender needs to be able to get the ball into their attack, without this key component they will not be able to compete. Should GWS win comfortably against Carlton, Crows, Melbourne and the Saints then they will make the eight. It will, however, be very difficult given three of the teams they are playing against are also fighting to make the eight.

The Clemente Code

How will we remember season 2020?

The strangest season that Australian Rules Football has ever endured. It is a fair assessment to say that it has been the most unorthodox seasons of AFL football.

by
William Clemente

We are currently at the twilight stages of the home and away season as 14 rounds have been played in a shortened season of 18 rounds. The impact of COVID-19 has severely affected all aspects of life across the globe, including our great game. A much-shortened home and away season and shortened quarters by five minutes have been severe changes to the format that players, coaching staff, umpires and spectators have required adjusting to. However, the establishment of hubs in Queensland, Western Australia and South Australia, has been the most significant COVID influenced adjustment.

I believe that one of the greatest debacles of the season thus far was the situation of Victorian clubs being isolated to play in Victoria before the escalation of the COVID crisis. My interpretation was that the arrangement stirred a lot of emotions of football fanatics in the AFL realm. It is also reignited the "Victorian bias" debate, one of the most heated footy discussions that always seems to get swept under the rug. Many argued, including myself I may add; it is unfair for interstate teams to travel every second week interstate and Victorian clubs play in their home state week in, week out. The escalation of this fiery debate has been one of the highlights of the season off the field.

Off field debates and debacles occur in every season no matter the conditions. We footy enthusiasts are like moths to the flame when action on the field is taking place and that is what it is all about. The severe demise of the Adelaide Crows, remaining winless so far with 13 consecutive losses is one of the most whopping results to be seen. Adelaide have been a strong performing club since their establishment and their maiden wooden spoon in 2020 has been executed in poor style.

It has been competitive at the top end of the table as Port Adelaide, Brisbane, West Coast and Geelong are making their premiership bids. It will be intriguing to see who will be lifting the premiership at seasons end but I am more intrigued to see how the premiers of this season will be accepted into history. Will this season be revered as the season that did not matter or will it be one of the most important seasons our game has ever endured? The rise of prevalent young talents that will be the future of our game is something this strange season will be remembered for. The rise of number one draft pick, Matt Rowell in the early season, Izak Rankine, Jack Lukosius, Ben and Max King, Harris Andrews, Jack Steele and many more have injected excitement into our game. The breakout talents we have seen emerge in this COVID stricken season has made this season detrimental to future of the AFL I strongly believe.

It is yet uncertain where the Grand Final will be staged at the conclusion of the season, but we do know that it will not be at the MCG. This is enormous; the MCG has been the main stage of the Grand Final for decades and to will this Grand Final played outside of Victoria influence seasons to come?

The affects of COVID-19 is making this season a memorable one; the rise of young talent, drastic changes to conditions, off-field debacles and the relocation of the Grand Final. However, I believe we're all intrigued to see how this season gets revered in footy history, only time will tell.

The stage will be set

The AFL Grand Final is up for grabs, with Western Australia, South Australia and Queensland eager to host. Each government has presented their argument to the AFL and argued why the biggest event on the AFL calendar should be staged in their state. A case can be made for each state, as all states have both positive and negative arguments. It is not a decision the AFL will take lightly, nor should it be. This very may well be the only opportunity for an interstate Grand Final, at least until the MCG's contract runs out in 2057. The AFL needs to consider every state's contribution to the 2020 season, the risks and precautions in place for COVID, and how the state will benefit and support the game. However, from a fans perspective, the atmosphere is another argument altogether.

by
Kayla Voss

While the AFL is set to make a public decision soon, the final decision may be different come October. COVID is an unpredictable variable and states could be forced to pull out, or at the very least provide an unattractive pitch. If COVID cases spike, COVID restrictions are the driving factor for the AFL's decision. However, first let's focus on what the states can do for the game. Western Australia and South Australia produce similar pitches, while Queensland offer a different approach got hosting privileges.

Queensland is a rugby state. For fifteen years I grew up a Brisbane Lions fan while my friends grew up as Broncos fans. The state only had the one team until 2009, and the Gold Coast Suns have not truly showed promise until this year. Not once have they made the finals, while the Lions made their first finals appearance last year after a ten year drought. Not to mention, the support base is undependable without experiencing success. Therefore, hosting the AFL Grand Final could be a step in the right direction for advertising the game. Queensland does not offer the same 'footy-fanatic' experience as WA, SA and Victoria, but it certainly presents the opportunity to grow the game.

South Australia and Western Australia are states with deep-rooted football history. Hosting the Grand Final in either state would bring the game to die-hard football fans to experience the magnitude of the day. The support base for both home teams in each state guarantees numbers for the Grand Final to create an exciting atmosphere. Atmosphere is everything. It contributes to the feel of the day. For a player, there is nothing like hearing the roar of the crowd as you run out on the field. I imagine that feeling is only heightened running out to play for the premiership. It is an experience that every AFL player who earns the opportunity to live it deserves. Crowd capacity is another factor which will influence the AFL's decision. Certainly, the state which is in the best position to offer more spectators will have a major edge. COVID restrictions have everything to do with this.

While atmosphere and opportunity are strong arguments to make, the AFL will be determined to make the smartest 'COVID safe' decision. Which state has the best facilities to provide player and coaching staff with safe accommodation, transport and training grounds? Which state offers safe COVID practices for spectators? We can speculate and argue about where the 2020 Grand Final will be held this year. Either way the AFL will make the decision which best suits the game, players and spectators.

Amato's 5th Quarter

Over and Unders: Top three rated current AFL players

Overrated #3: Kurt Tippett (Adelaide & Sydney)

Often thought of as a dominant forward of the competition... why? This was a case where a player has a breakout season very early in their career, and perhaps unrealistic expectations cloud them for the remainder of their football life. Tippett hardly ever fired when truly needed, played in two Grand Finals and had little impact in both, only kicked over 50 goals in a year once, in his second season. Quite simply, he was a confidence player. If he kicked a goal in the first quarter, he would have a good game. If he didn't, expect no more than 10 touches and no goals. The only final he ever truly dominated was the 2012 Preliminary Final against Hawthorn, kicking four goals as the best forward in a losing game.

by
Daniel Emilio Amato

Overrated #2: Dale Thomas (Collingwood & Carlton)

Some were calling Dale Thomas one of the best players in the competition ten years ago. From 2010-2011, it is agreeable he was in the prime of his career, but he was hardly 'one of the best'. While Daisy showed signs of excellence, he was assisted by playing in a successful team. The truth is, Thomas was sporadic on the field, he would kick a miracle goal from the boundary line and not do much else. His run and chase was impressive, but his distribution was often average for AFL standard. Great for a highlight reel, but was far from elite. The Collingwood 2010 flag was his best season. The subsequent move to Carlton was majorly disappointing.

Overrated #1: Cyril Rioli (Hawthorn)

Very talented, silky, smooth and a beautifully lethal left foot kick... but sporadic. Many argue Cyril won Grand Finals off his own boot... He didn't. 2015 was the only Grand Final he dominated, gathering 18 possessions, two goals and taking home the Norm Smith medal. 2008 he had good moments and kicked goals, but hardly 'won the day'. 2013 he was relatively quiet and 2014 he was returning from injury and made hardly any influence on the result. Rioli was an extraordinarily gifted player, but did not perform at his peak week in, week out. He had many quiet games and would go unsighted throughout a lot of the home and away season, the odd miracle goal would often camouflage that. Eddie Betts, Jeff Farmer and Stephen Milne were more consistent.

Underrated #3: Shane Parker (Fremantle)

Is hardly ever mentioned, but was certainly be one of the best defenders during the 2000s, often in the shadows of defenders such as Dustin Fletcher, Ben Hart and Darryl White. Tough to quell over head, agile, skilful, tough and quick, Parker was able to nullify some of the best forwards in the competition, ie. David Neitz, Michael O'Loughlin and Jeff Farmer with his solid body and marking prowess. Played 238 games, but unfortunately did not have much on field success, playing just four finals.

Amato's 5th Quarter

Over and Unders: Top three rated current AFL players

Underrated #2: Warren Tredrea (Port Adelaide)

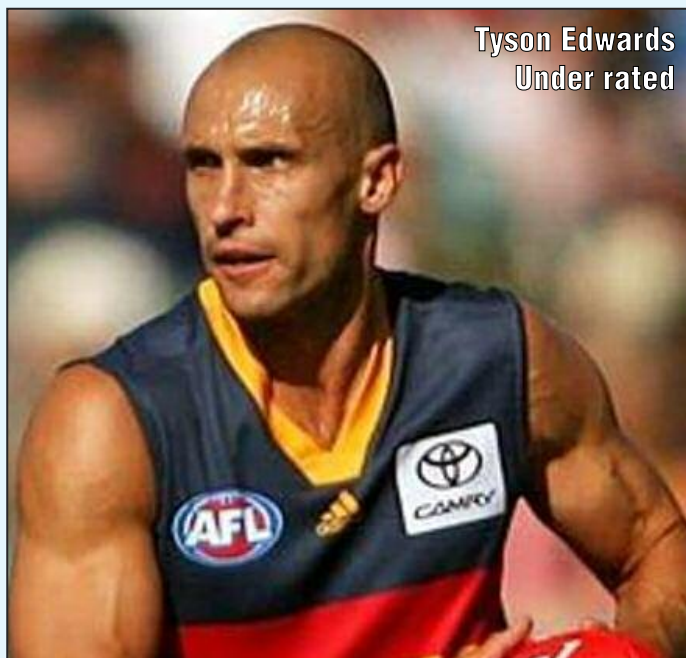

At his best during the 2000s, Tredders was right up there in the Richardson, Rocca, Pavlich mould. An imposing figure without unbelievable strength over head, remarkable athleticism on the ground for his height and a long, powerful kick. Potentially playing for the smaller of two South Australian clubs worked against him, but the 2004 premiership captain still kicked over 50 goals on five occasions. Certainly one of the most underrated forwards of the last 20 years.

by
Daniel Emilio Amato

Underrated #1: Tyson Edwards (Adelaide)

321 games sees Edwards sitting second for all time Crow games behind only Andrew McLeod. Throughout his 16 season career, a showdown medal in 2006 is the only personal accolade to show for his outstanding career. What he lacked in pace he made up for in skill. A penetrating, elite kick on both right and left foot saw him at the very top-class of the AFL throughout the 2000s. His ability to kick goals as a midfielder also put him into a rare category. In the shadow of Andrew McLeod, Ben Hart, Mark Ricciuto, Scott Thompson and Simon Goodwin for the bulk of his career may have had something to do with his lack of recognition. But he has something some of the greatest players in the games history do not have; a premiership medallion... two of them in fact.

Why we play

What gives a man meaning is his pursuit of a goal. It is somewhat cliché to say the “journey is more important than the destination,” but it is also true. Think about it like a game. When you’re trying to achieve something, you overcome challenging situations which require new ways of thinking and acting. You destroy your old self to transform into a redefined and enlightened version of yourself. It is this transformation that makes the journey or aim for a higher good more valuable than actually achieving that goal.

by
Foti Mantis

But, what happens after you achieve that goal? Maybe you feel a sense of ease and satisfaction from all your hard work. Maybe you feel content. Maybe you feel happy – but only momentarily. You see, there is a misconception between happiness and meaning. Happiness is a reward, where meaning is a state. Since the catastrophes of the 20th century, which saw the most evil side of humanity, that of the Soviet Union, Nazi Germany and Maoist China, populations around the world, almost as a defense mechanism against those atrocious times, have fallen prey to the pursuit of happiness instead of the pursuit for meaning. Happiness fails to sustain us through the suffering of life, where meaning helps carry the load we voluntarily decide to bear.

How does this relate to footy then? Well, let’s say you want to win the Best and Fairest medal. You first acknowledge that you have to overcome certain weaknesses and transform into a better player. Except, what exactly does ‘transform into a better player’ mean? Firstly, it means you have to admit that you are not who you could be. That’s judgement. Secondly, it means that you accept the fact that you could fail, and that it’s very likely you will. That’s acceptance. Unite these two ideas together and you have created a dangerous journey uphill that will give you that necessary sense of meaning in what the pessimists call a meaningless world. And, so, as a footy player, or any athlete for that matter, you will experience most of your hope and joy (happiness) by pursuing your goals, and not, generally speaking, by attaining them.

Dustin Martin, one of the greatest to ever play the game, spoke out in 2019 about his battle with anxiety and depression which began in 2018. To The Age, he said, “I had everything I wanted and everything I dreamt of, but I didn’t feel fulfilled or happy.” After speaking out about his mental health, Martin explained how “it was the small guided steps,” like “reading books in [his] spare time” that “made [him] realise what [was] important in life.” This scenario seems to be a common situation that athletes find themselves in.

They achieve what they set out to do, experience that sense of happiness, and then expect it to fulfil their life thereon. It is something that we should be aware of as individuals, all of whom have our own goals and paths in life. But, it’s important to understand that life itself isn’t a game. It’s a series of games. And, sometimes, you have to know how it feels to lose, in order to appreciate what you have achieved.

Stop and Go

In the last few years, Australian Football has taken a frightening path towards becoming a stop-and-go game. One could argue that it has always been a type of game that is centered around winning stoppages and controlling possession through marks. But, when you think of the term 'footy,' and maybe even when you try to describe the sport to an unfamiliar spectator, what comes to mind is the excitement, speed and aggressiveness associated with what some would call 'a dangerous sport.'

by
Foti Mantis

When we think of footy, we don't think of stoppages. We think of counter-attacking football, players with elite speed, teams with incredible ball movement; but, most especially, we think of goals.

The worry for fans of footy is whether the AFL is trying to mould Australia's national sport into a replica of American Football. The NFL (National Football League) is one of the most watched sports in the world and millions of people tune in to the Super Bowl on TV every year. On that same day, some of the world's biggest brands sponsor the event and pay millions of dollars for a single commercial during the breaks. The half-time show alone is enough for the event to attract global attention, especially on social media platforms like Twitter and YouTube. From the AFL's perspective, this is something that Australia should be aiming towards. In this case, they are right. But it is a fine line between global exposure and the ruin of a national sport.

As mentioned before, footy is a unique sport in the sense that it asks players to put themselves on the line for their team's success (without protective gear). However, the sport has begun to ask players to do something else; that is, play competitively, but control your aggression. As a player, it's difficult to enforce that type of message into your performance. Aggression is an important part of this sport, and the constant rule changes to 'protect' players seems to be doing more harm to the game than good.

Disregarding this season, the amount of goals scored in each game has been dropping dramatically. In 2018, the AFL's average scores were the lowest ever seen for 52 years (83.1 points per game). Unless it's a total blowout, you won't see a game where both teams kick 20 goals in a competitive match of footy. Gone are those days. Instead, now it's considered lucky if a single game can consist of 20 goals (in total).

With this in mind, it's important that we recognize what a 'stop-and-go' style of play could do to the game. Alas, these continuing reinforcements of 'protective footy' rules do two things: slow down the pace of the game by rewarding more free kicks, resulting in less goals; and, most concerningly, pushes us closer towards a mimic of American-style Football.

THE DIVISION 1 Match Previews

Rostrevor OC 16.22 (118) defeated Athelstone 6.9 (45)

The year of doom continued for the Raggies as they ventured to Campelltown Memorial to take on the might of Rostrevor OC. Rostrevor OC did as they please and lead by 29 points and quarter time and extended that lead to a match winning 45 points by the long break. By three quarter time that lead had stretched to 63-points with the final margin being 73 points. Michael Coad the former Sturt captain and former Gold Coast Suns player contributed 7 goals as ROCS dominated the entire game. Better players for Rostrevor OC were the match winner in Coad. Along with Jordan, Short, Bacanello, McCallum and Craig Holm. For the Raggies in an uninspiring performance Stewart, Kane Nurton, Cluse, Davies and Orland were the better player and the brothers Davies both contributed two goals a piece.

St Peters OC 12.12 (84) defeated Prince Alfred OC 11.8 (74)

In a battle of the best two sides in division one. St Peters did battle with their collegiate enemies of Prince Alfred OC. In what was a cracking game of football at Caterer Oval, St Peters held sway for most of the game. Saints led by 8-points at quarter time and 11-points at the long break before setting up what was a match winning break at lemon time. St Peters went into three-quarter time with a commanding 24-point buffer. Prince Alfred OC hit back hard in the final quarter kicking 5 goals, but it was too little too late as SPOC run out winners by 10-points. Big James McLeay slotted home 3 goals while Jesse O'Brien and Luke Mitchell both kicked 2 goals for SPOC. Cameron Giles booted 4 for the Reds and was supported by Tom Humphries and Thomas Fisher with 2 each. James Hargraves along with Jessie O'Brien, Hamish Allan, Harry Hayward and Toby Schultz were outstanding for St Peters. For the Reds, it was Tom Bartlett, Jake Pitt, Tom Brinsley and Nick Clayfield who kept battling away all day.

Goodwood Saints 22.19 (151) defeated Unley Mercedes Jets 4.9 (33)

Luke Donaldson's troops are making a bold statement just before finals as they easily accounted for the Jets by a whopping 118 points at Goodwood Oval. Jacob Hughes kicked 5, while George Thring, Tom Anderson and Anthony Dempsey slotted 3 each. For the vanquished Anthony Skara kicked 3 goals against his old club. Better players for the Saints were Nicholas Favretto. Anthony Dempsey, Jacob Hughes, Tom Anderson and Benny Holzbauer. For the Jets, they only had a handful of players who stood up in the disappointing display. James O'Sullivan, Anthony Skara, Jack Holliday and Oliver Patterson were serviceable.

Port District 15.13 (103) defeated Brighton 8.9 (57)

Brighton made the trek to Largs Reserve to take on the Magpies. The Bombers opened with the wind but only led by 15 points at quarter time. At half time Port District had opened up a 23-point led and one they would never surrender. The Bombers had aid of the breeze in the third-quarter but still turned some 17 points in arrears of the home team. The last quarter was all one way traffic as the Magpies stormed home and won by a whopping 46-points. Jack Foster kicked 4 along with Passaniti, Batty and Carter who kicked 2 each. Jarrod Miller was the only multiple goal contributor for Brighton with 3. Cooper Gaffney was amazing for the Magpies as was Zac Hawkins, Luke McInerney and Daniel Passaniti. Jacob Carger, Ben Tate, Shane Harvey and Blake McDonnell were good for the Bombers.

Excellence in Recognition

Payneham Norwood Union 9.13 (67) defeated Adelaide University 8.9 (57)

Payneham Norwood Union kept their slim finals chances alive with a hard fought win over the Blacks at Bob Neil Oval. The Falcons played a brilliant first quarter into the breeze as the Blacks only led by 1-point at quarter time. This was the quarter that ultimately won the game for the Falcons. By half time, the Falcons slipped away to a 25-point lead. By three quarter time that lead was reduced to 7-points. With the aid of a strong breeze in the final term the Falcons just held on and won by 10-points. Strato Agorastos booted 3 for the Falcons and Dylan Pippett 2. For the Blacks Ben Edwards was their only multiple goal kickers for 4 majors. Ben Owen-Thomas, the brilliant Dylan Auciello, Kristian Roocke and Nick Jolly were best for the Falcons. While for the Blacks, it was Ben Adams, Damian Cunningham, Jack Keynes and Maris Olekalns who were amongst their better players.

This week in Division 1

The shortened season of 9 games has brought about a tight finish to the division one season. We enter the last round of the minor round with only St Peter's OC assured of playing finals. Teams from second to seventh can all make the finals and all can finish as high as second. In what will be an absorbing final round of matches it will come down to combinations and permutations come 5pm on Saturday.

Brighton Bombers v Rostrevor OC at Brighton Oval

Brighton go into this final game of the minor round with all to play for, as do ROCS. Brighton's performances have dropped off towards the later half of this shortened season. Injuries at Brighton Road are said to be rife, but then again every other club is also struggling with injuries. Rostrevor OC have been a trifle inconsistent this season but come into this game with good form on their side. Last week's they destroyed Athelstone. This week, we think the big game division one performers from Rostrevor OC will hold them in good sway. **Rostrevor OC by 25 points**

Unley Mercedes Jets v St Peter's OC at Kingswood Oval

A non event really, as St Peter's OC sit on top of the premiership ladder. Riddlers men won't take the foot off the pedal this early, as they know a loss here and they could lose the week off. Kane Stewart's men are looking for the finish line after a disappointing season. We can't see that the Jets will trouble St Peter's OC too much and the margin should add a little percentage to SPOC. **St Peters OC by 54 points**

Athelstone v Adelaide University at Max Amber Sportsfield

The Raggies have had a horrid season, and would like to get a win before the season ends. They would have been penciled this game in, as the best chance they'd get, to reward their large supporter base. The Blacks have pulled off a few good wins during the season. Traditionally the Blacks save their best for when playing at Bob Neil Oval. But this week, they won't want to miss out on having that last taste of success before this extraordinary Covid season comes to a conclusion. The Blacks should hold too many aces for the Raggies. **Adelaide University by 32 points**

Prince Alfred OC v Port District at Park 9

Prince Alfred Old Collegians need to regain their composure before the finals. Last week, they lost a huge match that was significant to their season against St Peter's OC. This week, they get to atone for Port District at Park 9 and in turn send Port District back to Largs Reserve with cricket season to think about. A loss to the Magpies here would mean that either Rostrevor OC or Payneham N/Union would swoop on their tenuous position in the finals. **Prince Alfred OC by 26 points**

Payneham Norwood Union v Goodwood Saints at Payneham Oval

This game is really make or break for both sides. Payneham N/Union if losing would miss finals after winning the premiership last season and that wouldn't be an acceptable outcome to the Falcons faithful. Goodwood Saints were slow starters to the season and have stormed home in this shortened season. The Saints go into the match with momentum and Payneham with the home ground advantage. This promises to be an absolute cracker of a clash. **Goodwood Saints by 14 points**

THE DIVISION 2 Match Previews

Broadview 23.11-149 defeated Salisbury North 6.6-42 by 107 points at Broadview Oval

The final game of round 8 – a round spread across two weeks - took place on Saturday with Broadview facing off against Salisbury North. Broadview put on a clinic from start to finish. They opened the game with one of the most impressive first quarters you will see, outscoring Salisbury North 68 to 1. Salisbury North improved the look of the scoreboard in the second term putting on three goals to Broadview's one but that was the only shining light for the day. Broadview kicked on in the second half with 11 goals to Salisbury North's three to run away with an emphatic 107-point victory. Jack Fergus again starred for Broadview with a five-goal haul while Corey Davey earned himself best-on-ground honours with an impressive performance which also included five goals. Aaron Christmann was best afield for Salisbury North, but it was once again a disappointing day as they continue their struggles in ninth spot on the ladder with just one win to their name. Broadview, however, have well and truly solidified their spot in the finals race in fourth position, just one game off second placed Henley.

Tea Tree Gully 13.21-99 defeated Scotch OC 3.11-29 by 70 points at Scotch College

Scotch OC and Tea Tree Gully faced off in the first game of round 9 which is one again spread across two weeks. Tea Tree Gully proved too good as their class was on display and they showed why they are the ladder leaders. An impressive four-quarter effort kept Scotch at bay all day as Tea Tree Gully led at every break and held Scotch to just one goal before three-quarter time. Neither side could make the most of opportunities in front of goal despite terrific conditions, but nevertheless the result remained an emphatic 70-point victory for Tea Tree Gully. Tea Tree Gully were well-supported by 10 individual goalkickers with Isaac Hewson, Dylan Schoenmakers and Jayden Block each kicking home two goals. Zac McKay was most impressive for Tea Tree Gully in a classy best-on-ground display. Scott Spriggs was again amongst the best for Scotch OC in another disappointing day for the home side which sees them fall to 3-6. Tea Tree Gully moved to 7-2 on the season, firming their spot in top position on the ladder, primed for a tilt at the 2020 Division 2 flag.

This week in Division 2

PHOS Camden vs Sacred Heart OC at Camden Oval

Home-ground advantage could prove a difference maker in this one as two of the main finals contenders face off. Both sides are in solid form but PHOS should have the edge in this one. **PHOS Camden by 9 points.**

Henley vs Broadview at Henley Memorial Oval

Following back-to-back losses Henley will be desperate to get back in the winners column and I expect them to get the job done at home against Broadview. **Henley by 24 points.**

Salisbury North vs Seaton Ramblers at Salisbury North Oval

Salisbury North have struggled so far this season and they face a Seaton side who are well and truly amongst the race for a finals spot. It could prove a close contest but expect Seaton to prevail. **Seaton by 11 points.**

Glenunga vs Old Ignatians at Webb Oval

Old Ignatians will be full of confidence following their win over Henley. A Glenunga win is not far off, but it is hard to ignore the form of Old Ignatians. **Old Ignatians by 14 points.**

Old Ignatians need to beat Glenunga for finals action

Broadview need to beat Henley to get second spot

THE DIVISION 3 Match Previews

Westminster 14.5 def by Modbury 15.14

Modbury managed to hold off a gallant Westminster and secure the double chance as they ran out 15 point winners at Glandore this weekend. The home side got off to a fast start, leading by 13 at the first break but it was Modbury who were able to come back and hold a steady lead for the rest of the game. Mitchell Coles was the difference, kicking six goals while McKenna, Fielke and Wilsdon kicked 10 between them for the Dragons in what would be their last game of the year. Westminster finish the season in seventh position, two games behind Gaza in sixth. They remained competitive all year but only managed the two wins which is no doubt behind where they would like to be. The good news for them and for those around them at the foot of the table is that they will be back in division three next year, ready for another shot at finals football. Modbury can look forward to a tough fixture in their first final away at North Haven this coming weekend. A ground that is hard to win at at the best of times, the Maggies will have their tails up after becoming the only team to beat Golden Grove this year.

Flinders Park 22.17 def CBC Old Collegians 8.8

Heading into the weekend, Flinders Park had two goals. The first was to win and the second was to win big. The reds had a chance of finishing in the top three heading into this fixture and could only get there by Modbury or North Haven losing and Flinders Park making up a wealth of percentage points. Those two sides got the win so it all became redundant, however the form side of the competition got pretty damn close to closing the percentage gap with a near 100 point win over the Dolphins at home. Schwarz starred with four goals and was given best on ground honours but Daniel Blythe managed to kick six majors. Luke Trenorden was again in the goals, kicking four himself. Brad Johansen was the only multiple goalscorer for the visitors, kicking two out of midfield while Tom Pickering was their best player. A disappointing end to a tough first hit out in division three for CBC. They managed only one win for the year and that was over Plympton, the only team with a worse record than themselves. Still, with no promotion or relegation, CBC have had eight games to acclimatise to the level of competition they will need to be at going forward and they will no doubt come back hungry next year. Flinders Park have managed to win five straight and have booked themselves a home elimination final against Edwardstown. Not bad for starting off the year 0-3.

Golden Grove 8.14 def by North Haven 14.14

On a windy day up at Harpers Field, one team was up for it and the other was Golden Grove. North Haven stormed home in a commanding performance that will give them a lot of confidence heading into their home final against Modbury next week. Golden Grove had already sealed top spot on the ladder heading into the weekend but the lure of finishing undefeated was not enough to get them over the line as they struggled to stop North Haven. McCafferty continued his form in front of goal, kicking another four on a day where kicking goals was no easy task. Ross Merrett helped himself to three and was named their best on ground. As for Grove, Connor Dodd was the only player to reach double figures in front of goal. Brayden Shaw went goalless, meaning that Joshua Holliday from Edwardstown finished on top of the goalkicking tally, finishing with 21 on the year (before finals). Golden Grove now have the week to regroup and lick their wounds before they come up against either North Haven or Modbury, both of whom they struggled against in the regular season. North Haven will come into their home fixture with a wet sail and will look to book another date with Grove at Harpers in a few weeks time.

Gaza 16.10 def Plympton 10.6

Gaza got the win they needed but it was not enough to make up the gap and grab themselves a spot in the final five. The Eagles finished sixth with an even amount of

wins and losses which sums up what has been an inconsistent year. Brayden Lauder finished off his stellar season with another best on ground performance while Ladhams and Heintze kicked four goals each. Todd Culley kicked three and a host of others kicked singles which was more than enough to record a fairly comfortable win over Plympton at home. The Doggies finish the year without a win as it has looked like they would for some time now. They managed to be competitive in a few of their outings but overall, a really tough season for Plympton. The silver lining is that there was no threat of relegation so they will get the chance next year to redeem themselves and prove that they belong in this division. Jack Donkersley has undoubtedly been the bright spark for the Bulldogs, finishing with 19 goals from his seven games, leaving him third in the competition in the goalkicking department. An impressive feat given the lack of opportunities he has been presented with in the Plympton forward line. Gaza will be disappointed to have not played finals but can take plenty of positives from this season with some strong performances from some of their younger players. The case is the same for both of these sides though when we say that next year brings with it the chance for improvement and redemption.

This week in Division 3

Flinders Park vs Edwardstown

The first of two cracking fixtures this weekend in our first taste of finals football this year. Edwardstown have been a remarkable story so far, coming up from division four and finding themselves already in the thick of finals action. Their season has been up and down, predominantly due to injury and lack of availability for some of their key players, but they have managed to finish with a record of five wins and three defeats. Whilst the end product was the same for Flinders Park, their journey has taken a different route entirely to the Townies. The Reds started out awfully, finding themselves 0-3 at the start of the year. Anyone who watched them in those three games will tell you they had the makings of a good side but couldn't get the job done in the forward half. Enter Luke Trenorden. The big forward played four games in the regular season this year and his return speaks for itself. Four goals, four goals, six goals and then four goals again, bringing his season total to 18, an incredible effort. What's more than that, though, is that his inclusion has allowed the FPFC small forwards to become more dangerous. With a functioning forward line Flinders Park stormed home, winning five straight and securing a home final. This should be a fantastic contest with both sides boasting plenty of pace and talent. Edwardstown managed to get the win in the corresponding home and away fixture, but Flinders Park are the form side of the competition at the moment, this could go either way. **Flinders Park by 15 points**

North Haven vs Modbury

Both of these teams will be relieved to end up with a double chance, but Modbury could be forgiven for thinking that they would be the ones [playing at home this weekend. North Haven managed to do what nobody else could and defeated ladder leaders Golden Grove away from home last weekend so will come into this one brimming with confidence. Both sides finished 6-2 but North Haven were the highest scoring team in the league and finished with a significantly higher percentage than their challengers. Whilst kicking straight has been difficult for the Magpies this year, their scoring power is unquestionable. Tom Lipson set the world on fire to start the year but since he went down with injury, a number of players have stepped in to fill the void he has left behind. Modbury will be no easy-beats, though. Like I said, they almost finished above North Haven and have been fantastic all year. They took care of business last week in a situation where a choke could have been catastrophic but they face a difficult task heading out to Largs North. The good news is, the Hawks got the job done against North Haven during the regular season, handing the Magpies one of their two losses. Granted it was at home but still, they know that they have it in them to beat this side so they should be confident in walking away with a win here. Though the double chance is a luxury, a loss would mean running into some very strong opposition in a do or die final next week, something that both of these sides would love to avoid. Modbury pushed Golden Grove close in the regular season and you already know that North Haven can beat the Kookaburras so there's no doubt both of these sides can almost taste a spot in the grand final. This will be a tough encounter, but North haven at home is hard to go past. **North Haven by 27 points**

THE DIVISION 4 Match Previews

Pembroke OS v Hope Valley

Pembroke OS have gone through the home-and-away season undefeated, after they beat Hope Valley by 23-points at Haslam Oval. As the minor premiers the Kings will enjoy a week-off before they face either Mitcham or Hope Valley in the second semi-final. The top of the table clash remained very tight throughout the game, with the Demons leading by seven-points at quarter time before the Kings fort back to lead by 13-points at half-time. In the third quarter the Demons closed to within four-points of the lead heading into the final quarter, before the Kings gained full control in the last term, with the Demons unable to score. King's star Alex Forster showcased his goalkicking prowess with five goals, while Jack Green kicked two goals. Matthew Min led the way for the Demons with four majors, while Shaun Hunt booted two. In his third game for the season King's Tom Forster had no trouble finding the footy, with support from Jaiden Pengelly. The Demon's Lucas Harney and Jamie Dowling showed they're ready for finals football.

Gepps Cross v Mitcham

Mitcham have continued their winning streak, after they defeated Gepps Cross by 15-points at Duncan Fraser Reserve. Heading into the qualifying-final against Hope Valley, the Hawks will be full of confidence as they haven't lost since round two. The Rams made the Hawks rue their misses in the first term, as they went into the first break with an eight-point lead. In the second term, the Hawks struggled to rectify their goalkicking issue, with the Rams holding a slender one-point lead at the major break. When play resumed in the second half, the Rams stretched their lead out to 27-points at the final break, before the Hawks found some fluency in the last quarter to finish off the game strong, with a eight goal term. Damon Petersen and Alexander Gillet played key-roles in the Hawks win, with Peterson kicking three and Gillet bagging two. Jeff Ladd finished off his impressive season, with a respectable four goals, while Callum Camp kicked two for the Rams. Oliver Pride and Samuel Clark showed they're going to be important in the Hawks finals campaign, while Joshua Matthews and Tyson Polkinghorne tried their best to finish the Ram's season off with a positive showing.

Morphettville Park v SMOSH West Lakes

Morphettville Park have consolidated a finals position, following their 13-point defeat over SMOSH West Lakes at Kellet Reserve. The win sees the Roos hit finals in solid form, with their elimination final against Walkerville set to be an intriguing encounter. In the first half both teams had periods of momentum, with the Roos leading by 17-points at half-time, despite kicking inaccurately. The winner of the match was set to be determined by whichever team could make the most of their scoring chances, with the Roo's seven-point lead at three quarter time setting-up an interesting last term. Fortunately for the Roos they were able to kick a winning score to secure a finals position. Matthew Duldig continued his strong goalkicking form, with three majors, along with Jacksen Trezise for the Roos, while Cohen Mattner kicked four goals and Matthew Gates kicked two for the sixth placed Lions. Dane Thompson and Trezise showcased their various strengths for the Roos, while Alex Hughes and Daniel Lees never gave up in their last game of the season.

Woodville South v Kilburn

Woodville South showed encouraging signs for the 2021 season, when they

defeated Kilburn by 38-points at Ledger Oval. After disappointing seasons both teams will be eager to have strong pre-seasons in the hope of pushing for finals next season. The game commenced with the Cats making the early running, before the Chic's gained momentum in the second term, to head into half-time with a 16-point lead. In the third term the Cats were able to stem the Chic's scoring rate, with their strong defence seeing them lead at the final break by 17-points. In the final quarter the Cats were able to consolidate their second victory of the season and give their supporters reason to celebrate. Young-gun Jason Westley showed why he is an emerging talent, with four goals, while James Bailey played a solid game with three goals for the Cats. Rhys O'Keeffe kicked three goals and Darren Francis booted two for the spirited Chic's team. For the second week in a row Simon Tyler showcased his dynamic skills, while Patrick Binnion was prolific for the Cats. Jai Lauder showed he's going to be crucial to the Chic's future, along with Nick Pearce.

Pulteney v Walkerville

Walkerville will head into finals off the back of a comprehensive 98-point victory over Pulteney at Morgan Oval. After being defeated by the Roo's in round eight, the Panthers will be desperate to reverse the result in the elimination final this weekend. The Navy Blues inability to score heavily was evident early, with the Panthers holding them to one-point in the first term. Despite an improved effort in the second term from the Navy Blues, the Panthers maintained their dominance, with a 29-point lead at the major break. In the second half the Panthers executed their attacking game-style to great effect, as they scored 14 goals in the half, while limiting the Navy Blues to two goals. Bradley Griffiths and Tyler Wagner posed a challenge for the Navy Blues, with both kicking five majors, while Joshua Giddings concluded his strong season with an impressive three goals for the Navy Blues. Panther's Conor Lloyd-Fox showed his versatility, as he found plenty of the ball to go along with his three majors, while Ryan Axon won his position. Jayden Fischer set the standard for effort for the Navy Blues, while Alex Forbes demonstrated the depth of his potential.

This week in Division 4

Mitcham v Hope Valley (Qualifying-final)

The qualifying-final is set to be a thriller, with Mitcham facing Hope Valley at Thomas Farms Oval. In round two the Hawks were able to claim a 12-point win over the attacking Demons, with the Demons desperate to even the ledger. Currently on an eight-game winning streak the Hawks will be eager to continue their ripping form and show their finals opponents they can challenge for the flag. After registering high scores throughout the season, the Demons will be confident they can kick a winning score, with star goalkicker Matthew Min set to have a major influence on the result. There is expected to be minimal separating these teams throughout the game, but the standard at which the Hawks are currently playing should see them set-up a meeting with Pembroke OS in the second semi-final. **Mitcham by 18 points**

Walkerville v Morphettville Park (Elimination Final)

Walkerville will host Morphettville Park in the elimination final this weekend at Walkerville Recreation Ground. Both teams have had very similar seasons, with their inconsistent form making them very unpredictable. The Panthers will be hoping to have a full-strength team this weekend, with injuries throughout the season making it difficult for them to get any fluency in their line-up. As they've already beaten the Panthers once this season, the Roo's will be confident if they play at their full potential, they can get the win. The even-spread of contributors throughout the season should see Walkerville keep their season alive, but it's set to be a challenging afternoon against the Roo's. **Walkerville by 20 points**

THE DIVISION 5 Match Previews

Colonel Light Gardens v Smithfield

In a game that would shape the top five, Colonel Light Gardens welcome Smithfield to StreetFleet Park. The equation was simple for the Panthers, win and you play finals, whilst a loss would mean they would require their Northern neighbour Eastern Park to defeat Pooraka. In a game that would have many twists and turns it was the Lions that jumped out to an early 15 point quarter time lead. In the second quarter the Panthers found a gear as they kicked six goals to three and went into the sheds with a 3 point lead. CLG wrestled the momentum back in the third. However, the Lions missed a number of opportunity as they kicked 2.8 for the quarter and turned for home only 14 points up. Was it enough? In a frantic final term, the Panthers threw everything at the Lions, but it wouldn't be enough as they would eventually fall seven points short, 12.19 91 to 12.12 84. Bryce Smith and Samuel George each kicked three goals for CLG. Nathan Studham was outstanding for the Lions being named best on ground. For Smithfield the loss was a cruel end to a season that promised so much. However, the reality is that it should never have come to this. They led Salisbury for three quarters last week to only lose by 9 points after conceding six goals in the final term. That 30 minutes of football will haunt Smithfield during the off-season, as this game showed they were capable of matching the top teams and they would have been a real chance to cause some damage in the finals. With the win, Colonel Light Gardens secure a top three finish and will face Kenilworth in the Qualifying Final next week for a chance to take on Lockleys.

West Croydon v Lockleys

Minor Premiers Lockleys, travelled to Fawk Reserve to take on 8th place West Croydon, in their final tune-up before finals. In a game that didn't really mean much, Lockleys came away with the chocolates, kicking 15.21 111 to 7.10 52 in a 59-point victory. In an even first quarter, both sides managed 3 goals each with Lockleys holding a slender three-point quarter-time lead. However, in the second quarter Lockleys flexed its muscle as they kicked 5 goals whilst holding the Hawks to two points, and by half time the margin had extended to 36 points. Lockleys continued on their merry way in the third and by three quarter time had opened up a 53-point lead. In the end the Hawks were lucky to only lose by 59 points, with the blustery conditions causing the Demons to miss a number of opportunities in the last quarter, as they kicked 2 goals 8. After a promising start West Croydon like it has for most of season fell away after quarter time, struggling to find avenues to goal beside the in-form Reece Johnston who kicked a game high four goals. This brings his season total to 19 and he was named amongst the best for the Hawks along with Joseph Bull and Luke Francis. For Lockleys, Dylan Howie, Matthew McDonough and Sean Stormonth all kicked 3. As Tom McDonough was again influential for the Demons, being named best on ground. Lockleys can now look forward to the bye and will face either Kenilworth or Colonel Light Gardens in two weeks' time in the Second Semi Final.

Pooraka v Eastern Park

Pooraka returned home to Lindblom Park on Saturday afternoon to do battle with Eastern Park in what was a must-win game for the Bulls if they had any chance of playing next weekend. The Bulls came out firing from the onset winning 19.16 130 to 6.11 47 for a 83-point victory. At times this season Pooraka's accuracy in front of goal has let them down, but despite the swirling wind they managed to kick 19 goals from 35 scoring shots at just over 54% accuracy. Leading the charge for the Bulls was Michael Baker with seven goals on the day. Alongside Baker, were the likes of Luis and Frank Timpano and Wade Matthews who all contributed in the victory for the Bulls. For Eastern Park, Maurice Freeman (4 goals) and Nathan McIver (2 goals) were both positive highlights in the defeat. For Eastern Park it was a disappointing end to what has been a frustrating season. The Demons have been in most of their games, with the 83-point margin, their largest lost since their round five defeat at the hands of Lockleys. With Smithfield going down to CLG, the win sees Pooraka sneak into the five and into next week's Elimination Final against Salisbury at Salisbury Oval.

Salisbury v Rosewater

Fourth placed Salisbury Magpies welcomed the struggling Rosewater to Salisbury Oval on Saturday afternoon. The Magpies, having already locked in a spot in the finals with their come-from-behind victory against Smithfield last week, had eyes on a top three finish if other results go their way. It showed, as they got out to an early lead kicking 5 goals to zero in the first quarter. However, the Magpies wouldn't have it all their own way. As the Bulldogs, with the aid of the breeze showed some spirit in the second quarter kicked four goals whilst holding the Magpies goalless to reduce the margin to eight points at the main break. That would be a close

as the Bulldogs would get as the momentum that Rosewater had in the second quarter soon disappeared after half-time as Salisbury came out and kicked four goals whilst holding Rosewater scoreless for the second time. In the end the Magpies secured a comfortable 49 point victory 12.16 88 to 6.3 39. Sean Hee and Matthew Slater were again dangerous in front goals with each booted 3 goals for the 'Pies. For Rosewater Adam Carroll had another good game and must be a chance for the clubs Best and Fairness after an outstanding month of football, whilst Max Buckley kicked 2 goals. The loss however means the Bulldogs will finish the shortened 2020 Season on the bottom of the table. Salisbury now turn their focus to next week's Elimination Final and the unpredictable Pooraka.

Kenilworth v Fitzroy

Ninth-placed Fitzroy travelled to Simonds Park at St. Mary's to face off against Second-placed Kenilworth on Saturday afternoon. Kenilworth were coming off the back of a very impressive come-from-behind victory against League Leaders Lockleys last week and were looking to end the minor rounds with a victory against Fitzroy to assure them a top three finish and the double-chance. The Kookaburras came flying out of the gates kicking the first seven unanswered goals to setup a very comfortable 43 point lead at quarter-time. Fitzroy did show some fight in the second quarter, however normal service returned after half time with Kenilworth ended up winning by 93 points, 22.15 147 to 7.12 54. The Kookaburra's had winners all across the ground with Myles Crump (5 goals), Trent Grosser (4 goals) and Isiah Place (3 goals) all major contributors. For Fitzroy, Dean Miller (2 goals), Mathew Wiese and Tyrese Pickett-Miller battle away in the defeat. The defeat ends a difficult year for the Lions with only a single victory for the season against Rosewater. Whilst for Kenilworth not only was the win important to secure the double chance, but the final margin helped boost the Kookaburra's percentage and sees them jump into second. Meaning they will host next week's Qualifying Final against Colonel Light Gardens.

This week in Division 5

Elimination Final

Pooraka v Salisbury

The enigmatic Pooraka, after just sneaking into the five with a victory and a Smithfield loss, will travel to Salisbury Oval to take on the in-form Magpies in the Elimination Final on Saturday. The winner advances to the First Semi Final against the loser of the Qualifying Final between Kenilworth and Colonel Light Gardens whereas the loser goes home. When these two teams met at the same venue in round one it was the Bulls that would be 32 point victors. However, so much has changed since then. After starting the season with two losses Salisbury has been one of the biggest surprises of the competition only losing to Lockleys along the way to come into the finals full of confidence. The Magpies have built their success around a team first mentality with an even spread of performers and goalkickers with both Sean Hee and Alex Bray regularly hitting the scoreboard. Pooraka are coming off of an impressive 83-point win over Eastern Park and are currently riding a 2-game winning streak. The season has been a real rollercoaster for the Bulls with wins against both of the Qualifying Final teams in Kenilworth and CLG, the later overturned by the league for they player permit infringement, which also saw their scores erased from two games. At the same time, they only just fell over the line against Fitzroy and Rosewater, whilst losing to West Croydon. Salisbury will be looking for redemption for that round one loss and to end Pooraka's season. **Salisbury by 15 points.**

Qualifying Final

Kenilworth v Colonel Light Gardens

Kenilworth welcome Colonel Light Gardens to Simonds Park at St. Mary's when the two face off against one another in the Qualifying Final on Saturday afternoon. Kenilworth, who are currently on a four game winning streak, after a somewhat sluggish start to the season. When these two teams met back in round four, it was the Kookaburras that got the chocolates with an impressive 57-point victory at home. Colonel Light Gardens have also been in good form, having won four of their last five games, with the only loss being to Lockleys in round seven. Kenilworth have managed to average over 100 points a game with Myles Crump leading the way with 20 goals. Whilst not as high scoring as the Kookaburra, the Lions are averaging 82 points a game and have relied on their defence to do the job keeping their opponents to 65 points a game. A long with Crump, Isiah Place and Trent Grosser have started to hit the scoreboard and they have been well supported by Nicholas Chesser and Lachlan Richter both of whom have regularly been in Kenilworth's best. Colonel Light Gardens will be wanting to avenge their loss from Round four and will be looking for Bryce Smith, Nathan Studham and Emmett Wood to continue their recent good form. For the winner, a date with Lockleys in the Second Semi Final awaits, whilst loser will host the winner of the Salisbury and Pooraka Elimination Final in the First Semi Final. This is a game that could go either way with Kenilworth starting slight favourites. However, traditionally finals are not high scoring affairs which may just suit the Lions. Expect a tight, close contest. **Colonel Light Gardens by 4 points.**

THE DIVISION 6 Match Previews

Houghton Districts 26.19 (175) def Mawson Lakes 11.8 (74)

In the final game of the season for both sides, it was Houghton who finished their year on a high, dismantling the visiting Mawson Lakes by 101 points on Saturday. Interestingly, they began the game behind, trailing at quarter time by 13 points as Mawson Lakes kicked away early. But, that would be all she wrote for the visitors, as Houghton piled on 22 goals to 4 for the next three quarters to run away with this one. Cameron Thompson kicked seven majors for the home side, while Joel Coff (5 goals) and Brad Lees (4) added some handy goalkicking prowess. Bryant Korner was best afield for the winning team, and while it was a meaningless game in terms of placing for finals – both sides were well out of contention – it was at least a positive sign for Houghton to take into the offseason.

Blackfriars 11.12 (78) def Marion 11.4 (70)

Blackfriars have finished the season in second place with finals next week, as they just held on against an accurate Marion outfit to oust them by eight points. Marion, who desperately needed a win or other results to go their way to make finals, put up a valiant fight on the road, and although they lost, they squeezed into September action in fifth place. Down at half time, it took a great back half of the match to come out on top, with Antonio Scaffidi-Muta (4 goals) and Matthew Nelson (5 votes) the standouts. The win sees Blackfriars finish the home and away season on a 7-2 record and will play St Pauls next week in the qualifying final.

Para Hills 13.11 (89) def Ingle Farm 11.9 (75)

In the other meaningless game of the round, with both sides just hoping for some positive signs heading into the long break, it was Para Hills that won the close encounter on the weekend. There was an evident 'scoring end', with Ingle Farm leading at quarter time and three-quarter time but trailing at half time and eventually losing the game. Nicolas Lynch and Steven Willment split four goals apiece and Chris Raeger was best on ground for the Kangaroos, who had to outlast the first competitive challenge Ingle Farm had produced in several weeks. The win sees Para Hills finish at 2-8 and well behind the finals pace, while Ingle Farm recorded just one win in the entirety of 2020.

Hectorville 6.12 (48) def by St Pauls 7.7 (49)

Inaccurate kicking has cost Hectorville an undefeated regular season, falling short of a perfect year by just one point at the hands of its potential fellow grand finalist St Pauls on Saturday. The visitors kicked goals in just two quarters of the game, yet it was enough to hold on against the Hounds, who kicked 2.6 in the last quarter to shoot themselves in the foot. With just 13 goals combined, the hard-fought contest was at finals intensity, proving a preview for September action. Glenn Gibbs was voted best on ground for

St Pauls, with some serious momentum gained by the visitors heading into this week's qualifying final. Hectorville have the week off since they finished top, which may be an imperative rest if they are to lick their wounds and come back stronger the following week.

Trinity 10.15 (75) def Elizabeth 10.6 (66)

Elizabeth's season ended abruptly on Saturday, with percentage costing them a place in finals for 2020. The Eagles needed to win to progress to September, especially with Marion losing, but they could not get the job done as the home side Trinity prevailed by nine points in a narrow contest. The Eagles and Marion both finished on a 5-4 record, but Marion's percentage was just 1% higher, meaning they finished in fifth and ultimately will play finals footy. Contrastingly, Trinity finished fourth by percentage, and will play Marion this week in an elimination final, missing out on the qualifying final and a double chance by percentage to St Pauls and Blackfriars. Trinity's Scott Prime kicked four to lead all goalkickers, while Alex Arthur was the winning side's best in the spirit-lifting victory.

NEXT WEEK'S SECOND-SEMI FINAL

Hectorville have the week off and await the winner of Blackfriars OS and St Pauls OS

QUALIFYING FINAL

Blackfriars OS v St Pauls OS

ST DOMINIC'S OVAL; Saturday 5 September, 2:15PM

It is finals time, and what better way to kick it off then with two teams in scintillating, finals-ready form: Blackfriars and St Pauls. Blackfriars ended their 2020 home and away campaign with a close eight-point win against fellow finalist Marion, while St Pauls pulled off a huge upset, travelling to Hectorville and dethroning the untouchable Hounds by a point. There is a double chance present in this game; the loser will get another shot next week against the winner of the Trinity-Marion game, while the winner will play Hectorville in a potential grand final preview next week. Everything is to play for, so who will show up? St Pauls OS by 24 points

ELIMINATION FINAL

Trinity OS v Marion

TRINITY COLLEGE GAWLER CAMPUS; Saturday 5 September, 2:15PM

Marion make the long trek to Gawler to take on Trinity in this week's elimination final, coming off a narrow loss to Blackfriars last week and looking to bounce back. Trinity held off a valiant Eagles outfit to knock them out of September action, so their morale will be boosted heading into this crunch-time clash. Trinity won two more games than Marion in 2020, so form suggests that Trinity should advance, but Marion have been competitive against good sides this year and have even beaten a few, so the potential is there for a ripping contest. There is no tomorrow for the loser of this contest. Who will advance to week two in September? **Trinity OS by 27 points**

THE DIVISION 7 Match Previews

Brahma Lodge 15.12-102 defeated Flinders University 7.8-50

When: Saturday 29th August, 2:15pm Where: Brahma Lodge Oval, Brahma Lodge

PREVIEW:

A chance for Brahma to maintain breathing room on top of the ladder between them and the rest of the competition. Flinders University will be hoping the ladder leaders have mercy on them, due to the fact Flinders have been in a steady decline as of late and Brahma are charging towards the finals in ominous fashion, pushing past almost every team that's in their way. This looms as a pretty straight forward game, although if Flinders had maintained their relatively strong form at the start of the year then this match would've been a bit more intriguing. It could still be if Flinders somehow find their A game but up against the ladder leaders who have already got one hand on the minor premiership, it's simply too big of a challenge. Still though, Brahma can't get overconfident and simply expect just to win this one comfortably, they were spooked earlier in the year when they were expected to win easily but have been on top of this ever since and will be ready for anything come Saturday.

Prediction: Brahma Lodge by 45 points.

REVIEW:

Well this wasn't entirely expected. Thanks to a strong match saving last quarter, Brahma Lodge have prevailed over Flinders University by 52 points in a largely entertaining affair. Flinders University, to their credit they really pushed the league's top team as hard as they could in this one staying in the contest, especially in the first quarter. The team's kicked 7 goals between them making it a largely attacking run and gun first term which saw Brahma take a narrow 3-point lead into the second quarter. Brahma took control in the second term kicking 3 goals but missing some really gettable shots which could've seen them take a bigger lead thus keeping Flinders slightly in the contest but with strong control over the game though. Flinders slowly clawed their way back in the third term with Adam Vonow kicking 3 goals to get his side trailing by just 17 points leading into the final term. It was all one-way traffic from with the top team keeping the visitors to a solitary goal which was kicked in junk-time while kicking 6 themselves to cruise home to a comfortable win despite being given a slight scare early on. Eric Hem-Mendes was the star for Brahma with 4 majors while assisting several others. Flinders will take positives out of this improved performance when they face the struggling Central United. Brahma probably have to look at fixing their slow starts and should do it quickly before Saturday's match against O'Sullivan Beach Lonsdale.

O'Sullivan Beach Lonsdale 13.6-84 defeated Mitchell Park 11.13-79

Where: Lonsdale Oval, Morphett Vale When: Saturday 29th August, 2:15pm

PREVIEW:

This is a very intriguing match up with two teams looking to continue their steady improvement. Mitchell Park have been one of the stories of the year, improving after every outing giving their players more and more confidence each week as rise up the ladder. After struggling for much of last year not much was expected of Mitchell Park but they'll only get better this season and beyond as they look to become one of the competitions top teams but they must be patient as teams before them have rushed improvement too many times and have paid the price for it. O'Sullivan Beach started the year then were in a big inconsistency rut and have slowly in the last week and a half improved and have tightened up their inconsistency. This match will come down to whose more consistent to put it simply. Who can put in a solid 4 quarter effort, based on form lately, you'd have to say Mitchell park they have taken it

up to the top teams even beating one or two and have beaten the teams that they were supposed to beat. O'Sullivan Beach, despite recently improving a bit have played a lot of patches of football and must find a way to put in a full game's effort and their slow starts are an issue often leaving them with too big a lead to chase. This could go anywhere but Mitchell Park just look a bit better and more well-rounded here. **Prediction: Mitchell Park by 27 points.**

REVIEW:

Now that was a match. O'Sullivan Beach Lonsdale have prevailed over Mitchell Park by 5 points in one of the thrilling encounters of the year. Trevor Rigney again was the star for the home side with a huge 6 goals keeping his side in it and providing numerous other assists along the way with fellow teammate Adam Rigney supporting well with 3 goals. Mitchell Park missed a big opportunity in this game, leading by 3 into quarter time then conceding 6 goals to trail by 26 going into half-time, the visitors turned on the gas in a big way in the third term clawing their way back kicking 4.6 to 1-point to take a narrow 3-point lead into the last quarter. 4.6 doesn't read too well, with some really gettable goals missed as Mitchell Park despite their dominance in the third quarter appeared a little flustered and not as composed as they appeared to be. Nathan Risitano was the standout in Mitchell Park's resurgence during the third term with 4 goals but like his team missed a couple of easy shots on goal. O'Sullivan Beach then found that extra gear in the fourth term ultimately coming out triumphant therefore leaving the visitors licking their wounds and ruining a missed opportunity. Mitchell Park need to quickly rebound ahead of next Saturday's huge clash with Adelaide Lutheran while O'Sullivan Beach have an even harder challenge against the league leaders Brahma Lodge also next Saturday.

Adelaide Lutheran 33.22-220 defeated Central United 5.4-34

Where: South Parklands, Adelaide When: Saturday 29th August, 2:15pm

PREVIEW:

Well this isn't too much of a match-up. Adelaide Lutheran play a very struggling and lowly Central United this Saturday afternoon in what many pundits and fans expect to be a big blowout. Adelaide are the competitions second best team not too far behind ladder leaders in Brahma Lodge in second place while Central United are as low as low can be in last place and are in all sorts at the moment. Many are hoping Adelaide have mercy on United and don't punish them as badly as some other teams have previously this season. Adelaide will be looking to add onto their already strong percentage in this one and will take no prisoners against such a lowly team like United. For the visiting team, they simply must put in effort otherwise they're at risk of suffering yet another blowout and further disgrace to the club. Only time will tell come this Saturday.

Prediction: Adelaide Lutheran by 86 points.

REVIEW:

What a disgrace. Adelaide Lutheran have continued their strong run into the finals which saw them absolutely crush and dismember a woeful Central United by 186 points on Saturday afternoon. Waylon Miller, Jacob Stollznow, Daniel Burgess and Rowan Mieler each scored 4 goals in an emphatic and bruising display jumping United the second the ball was bounced hunting at every turn. The game was well and truly over at quarter time with home side leading by 63 points and a further 107 points going into half time. It wasn't even a contest, a challenge whatever you want to call it, it was simply so ugly and such a huge gap between the two sides people were pinching themselves to see if it was a nightmare or not that they were experiencing. A further 10 goals in the third term and another 6 to bring the total goals tally for Adelaide to 33 was just more shame and misery for United. One of the worst and most disgraceful performances in recent memory. Central United will be hoping for some sort of improvement come next week's game against Flinders University while Adelaide Lutheran have got an ever improving Mitchell Park on their hands also next Saturday afternoon.
